## APPLICATION

KOOYOO acrylic sheets can be laminated to a variety of substrates. Best results will be achieved using suitable adhesive or any other equivalent adhesive applied through automated lamination machine or a well-controlled manual fashion.

The combination of a very rigid substrate, such as High Density Fiber Board (HDF) or calibrated hardwood plywood with an adequate backing material is essential to achieve a stable panel.

- Kitchen  
Worktops • Tables • Doors • Shelves • Cabinet • Trolleys
- Bathroom  
Worktops • Shelves • Cabinaets
- Furniture
- Healthcare  
Wall Lining and Horizontal Surface • Lockers • Cabinets • Trolleys
- Commercial
- Hospital, Hotel & Restaurant Tables  
Counter Tops • Doors • Cubicles • Lockers • Cabinets
- Wall Cladding & Partition

## INSTALLATION

The installation of these sheets can be pasted with acrylic compactable adhesives on a calibrated clean and dust free dry surface. Laminate bonding tapes also can also be used for difficult areas.

Not all colours are available in all regions

Due to the nature of the printing process, the colours depicted in the brochure may vary compared to actual sample.

Printed colour and images are to be used as a guide only.

**KOOYOO 2023 MADE FOR INDIA**

Certified and tested product | Better Scratch Resistance

Actual Thickness | Long Lasting | HD Colours

# Application

## PERFORMANCE

KOOYOO acrylic is a proven performer because it has a single infused acrylic core into one layer.  
 This means:  
 The colour is not a thin, inconsistent or patchy layer of paint.  
 The colour layer is fused to the clear acrylic and will not separate easily.  
 Unlike glass and other painted acrylic sheet products, minor scratches to the colour layer will not show through.

## ENVIRONMENT

KOOYOO acrylic is designed to have a minimal impact to the environment and is wholly manufactured under the Environment Management System (EMS). The manufacturing process does not release harmful emissions to the air, land or water. KOOYOO's acrylic is Hygienic and does not promote bacteria growth or transmission making it ideal for food outlets, high traffic area and public spaces.

## WARNINGS

KOOYOO acrylic is designed for interior, vertical use only.  
 KOOYOO acrylic will expand and contract with different temperatures level's and will perform best in temperature controlled environments with 1mm recommended expansion gaps  
 Avoid use in areas exposed to intense direct sunlight such as adjacent to skylights or large unshaded window.  
 Acrylic is translucent in nature and should be used on plain side of calibrated surface with suitable adhesives.  
 Hot Machine press is not recommended for this product if processed in factories

## CLEANING AND REFINISHING

KOOYOO acrylic is easy to clean using mild soap, warm water and a soft microfiber cloth or chamois.  
 Refrain using Strong chemicals.  
 Minor scratching and scuffing can be easily removed by hand with selected liquid polish and a micro fibre cloth.

## SAVINGS

### TIME AND COST

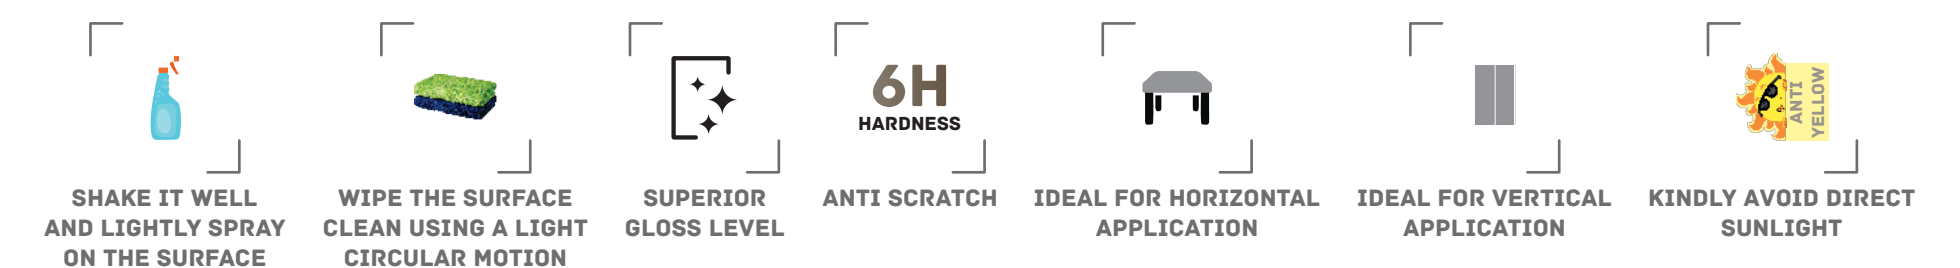

KOOYOO Acrylic saves time and money, KOOYOO acrylic is light weight, easy to handle and can be cut, drilled and shaped on site unlike other material such as glass panels.

### FREIGHT AND PACKING

Costs are reduced because of acrylic's low weight, allowing for more shipping and transport options. Less energy is used for cartage, plus it's easier to handle and move around with less chances of breakage, With next gen KOOYOO protective layer, Highly protected against scratches during transportation.

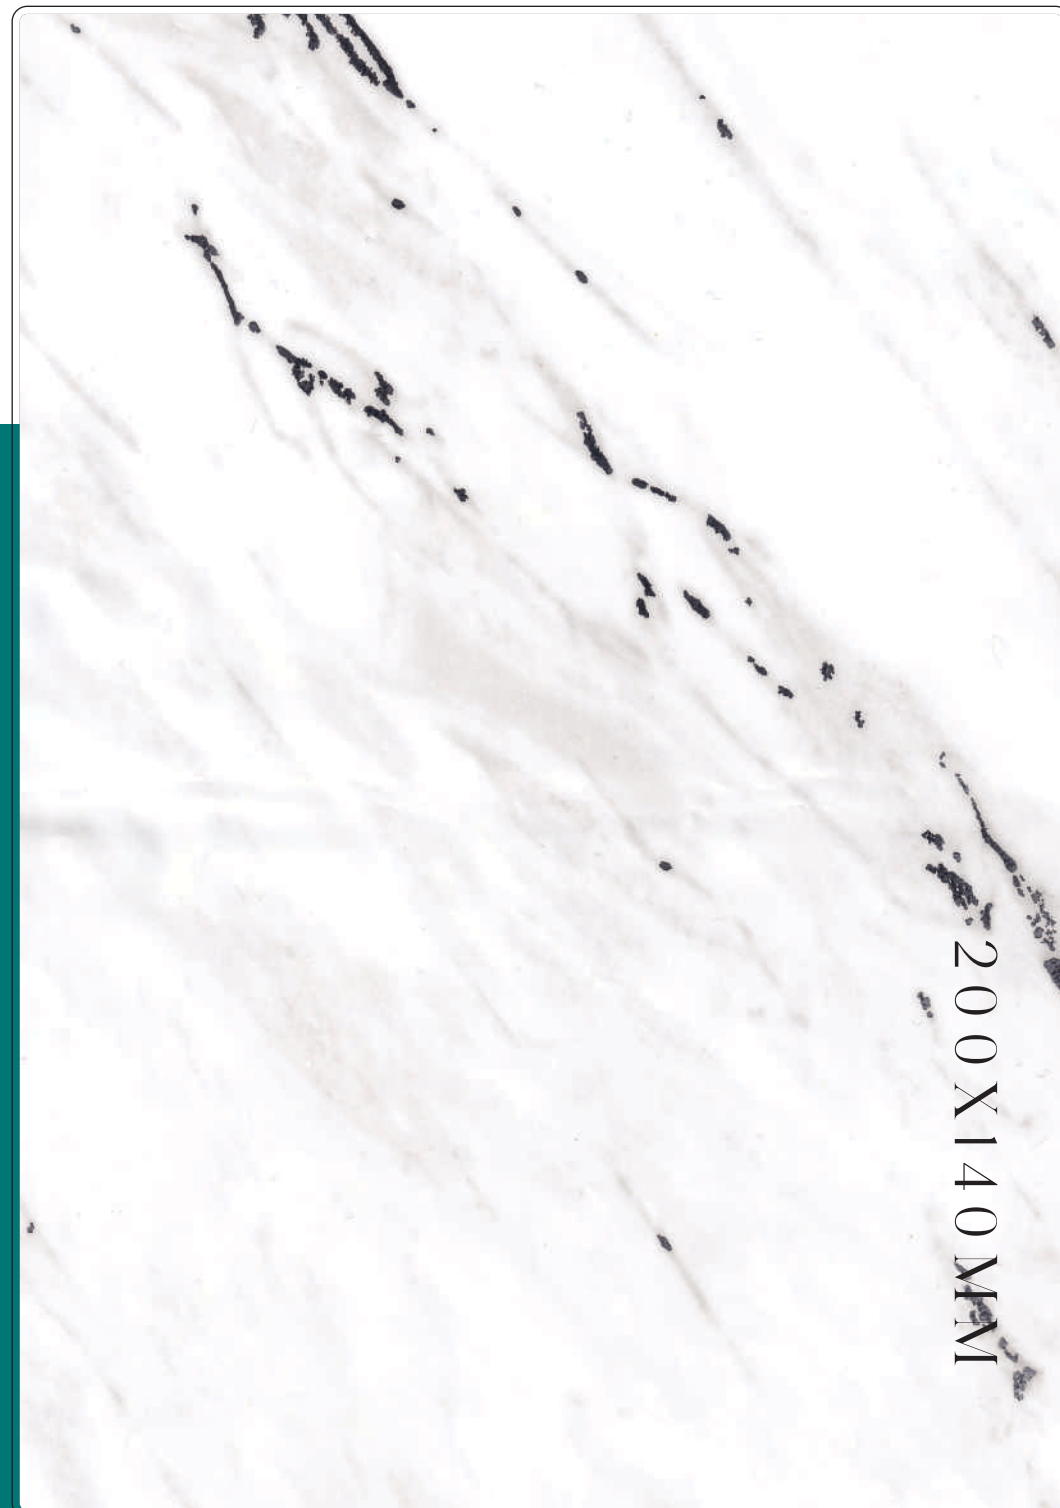

### MAINTENANCE

Being completely inert with an imperious surface, bacteria and mold do not permeate the sheet. Surface contamination are simple wiped away with mild soap and water - delivering a significant saving in labour and chemicals use over the life of the installation
